

Review of RADICAL POLITICAL ECONOMICS
BOOKS RECEIVED
(last updated Summer 2008)

RRPE encourages contributors to prepare reviews of significant books of interest to RRPE readers. Reviews of books on this list that have been received from publishers, as well as books not on this list that are related to radical political economics, are welcomed. Reviews should be 1200-1500 words in length, and submitted within sixty days of receipt of the book. More detailed instructions will accompany the book when it is sent.

The RRPE also welcomes review essays encompassing three or four books that bring together an important literature in significant areas for political economists. In addition, the RRPE welcomes more ambitious examinations of bodies of literature that should be better known by RRPE readers. These reviews should be about 2,500 words in length.

Please contact the book review editor for assistance in obtaining review copies of books.

The book review editor and one other member of the Editorial Board referee reviews of single books.
